

IN THE HEART ON THE EDGE

Infused with an edgy, contemporary style — a reinterpretation of what luxury should be — the 156-suite hotel allows guests to experience an undeniable sense of place. It is the heart of Fort Worth, beating with the pulse of the city's commercial, cultural and entertainment epicenter. The art scene is world-class. The night life is electric. And the proximity to sporting events is a game-changer.

Relax in our spacious two-room suites — still the largest you will find in downtown. Our chic atrium includes a bar best enjoyed during our evening reception, and a comfortable sitting area for our complimentary cooked-to-order breakfast.

Let our on-site event managers introduce you to our newly designed meeting spaces. We have more than 6,000 square feet of space, perfect for groups up to 130.

We invite you to experience your newly renovated home away from home at Fort Worth's finest all-suite hotel.
