Shopping in Loveland

As you may know, breakfast is the most important meal of the day. So, before heading off for a full day of shopping, make sure to join us for our full cooked-to-order breakfast in the atrium. Order your favorite omelet or pack on the carbs with our variety of pastries and bagels. Fresh fruit, yogurt and juices will help keep you hydrated on your excursion.

Of course, all that shopping will generate a mixture of euphoria and exhaustion. Our Manager's Reception will be the perfect place to model your new wardrobe while enjoying a beverage from our full open bar and light snacks to rejuvenate before dinner.

Or, you can simply put up your feet, dial in-suite dining and have your dinner delivered directly to your two-room suite. Your spacious parlor and flat panel television are the ideal spot to unwind after a long day on your feet.

There are many shopping opportunities in our local communities, but The Promenade Shops at Centerra and Outlets at Loveland are two of the closest options. We offer a Shoppers in Loveland Package which includes a \$50 gift card valid at The Promenade Shops at Centerra - click on the "View packages and promotions for this room" link when making your guest room reservations on our website
